

**AL BARAKA BANK (PAKISTAN) LIMITED**  
**FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2024**

## INDEPENDENT AUDITOR'S REPORT

To the members of Al Baraka Bank (Pakistan) Limited

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the annexed financial statements of Al Baraka Bank (Pakistan) Limited (the Bank), which comprise the statement of financial position as at December 31, 2024, and the statement of profit and loss account, the statement of comprehensive income, the statement of changes in equity and the cash flow statement for the year then ended, along with unaudited certified returns received from the branches except for 42 branches which have been audited by us and notes to the financial statements, including material accounting policy information and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit and loss account, the statement of comprehensive income, statement of changes in equity and cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan, and, give the information required by the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at December 31, 2024 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Directors' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and the Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Bank's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

*AF*

A.F. FERGUSON & CO.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### **Report on Other Legal and Regulatory Requirements**

1. Based on our audit, we further report that in our opinion:
  - a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
  - b) the statement of financial position, the statement of profit and loss account, the statement of comprehensive income, statement of changes in equity and cash flow statement together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
  - c) investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and
  - d) Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.
2. We confirm that for the purpose of our audit we have covered more than sixty percent of the total Islamic financing and related assets of the Bank.

The engagement partner on the audit resulting in this independent auditor's report is **Junaid Mesia**.

**AL BARAKA BANK (PAKISTAN) LIMITED**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2024**

**1 STATUS AND NATURE OF BUSINESS**

- 1.1** Al Baraka Bank (Pakistan) Limited (the Bank) was incorporated in Pakistan on 20 December 2004 as a public limited company. The Bank was granted an Islamic Banking License BL(I)-01(07), issued by the Banking Policy and Regulations Department of the State Bank of Pakistan (SBP) on 18 January 2007. Subsequently, the Bank was also granted approval for commencement of business as a scheduled bank with effect from 13 February 2007. Upon merger of the Pakistan branches of Al Baraka Islamic Bank B.S.C. (c) with and into the Bank, fresh license no. BL(i)-01(2011) was issued by SBP on 12 March 2011, effective from close of business on 29 October 2010. The main objective of the Bank is to carry on Islamic banking business in Pakistan in accordance and in conformity with Shariah.

The Bank is a subsidiary of Al Baraka Islamic Bank B.S.C. (c) (Parent Bank) incorporated and domiciled in Bahrain, which is 92.81% (2023: 92.81%) owned by Al Baraka Group B.S.C. (Ultimate Parent).

- 1.2** During the year 2016, the shareholders of the Bank in their extra ordinary general meeting held on 22 August 2016 have approved the merger of the Bank with Burj Bank Limited under a "Scheme of Amalgamation" (the Scheme). Further, the State Bank of Pakistan, through its letter no. BPRD (R&P-02)/2016/24373 dated 14 October 2016, had also approved the scheme of amalgamation and granted sanction order for the amalgamation of Ex Burj Bank Limited with and into the Bank. As of the effective date of amalgamation, the entire undertaking of Ex Burj Bank Limited including all the properties, assets and liabilities and all the rights and obligations, without any further act, action or deed and notwithstanding the terms of any contract or other document or any rule of law, stands amalgamated with and vested in the Bank and as a consequence, Ex Burj Bank Limited stood amalgamated with and into the Bank.

The Bank's registered office is located at 162, Bangalore Town, Main Shahrah-e-Faisal, Karachi. The Bank has 185 branches (31 December 2023: 170 branches) in Pakistan.

- 1.3** Based on the financial statements of the Bank for the year ended 31 December 2023, the VIS Credit Rating Company Limited has maintained the long-term rating at 'A+' and short-term rating as A1.
- 1.4** As at 31 December 2024, the Minimum Capital Requirement (MCR) and Capital Adequacy Ratio (CAR) stood at Rs. 14.5 billion and 20.27% respectively.

**2 BASIS OF PRESENTATION**

These financial statements have been prepared in conformity with the format of the financial statements prescribed by the SBP Vide BPRD Circular No. 13 of 2024 dated 01 July 2024.

The Bank provides Islamic financing mainly through Shariah compliant financial products as explained briefly in note 5.5. The purchases and sales arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of profit thereon. The income on such financing is recognised in accordance with principles of Islamic Shariah. However, income, if any, received which does not comply with the principles of Islamic Shariah is recognised as charity payable, if so directed by the Shariah Board Member of the Bank.

The Bank believes that there is no significant doubt on the Bank's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on a going concern basis.

**2.1 STATEMENT OF COMPLIANCE**

- 2.1.1** These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Accounting Standards) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Amel

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS Accounting Standards or IFAS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, and the said directives shall prevail.

- 2.1.2** The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies through BSD Circular Letter No. 10 dated 26 August 2002, until further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks through its notification S.R.O 411(I)/2008 dated 28 April 2008.
- 2.1.3** The SBP vide its BPRD Circular No. 04 dated 25 February 2015 has clarified that the reporting requirements of IFAS-3 'Profit and Loss Sharing on Deposit' for Islamic Banking Institutions (IBIs) relating to annual, half yearly and quarterly financial statements would be notified by SBP through issuance of specific instructions and uniform disclosure formats in consultation with IBIs. These reporting requirements have not been notified to date. Accordingly, the disclosures requirements under IFAS 3 have not been considered in these financial statements.
- 2.1.4** The SBP has issued BPRD Circular Letter No. 01 of 2025 dated 22 January 2025, in which certain relaxations / clarifications have been provided upon adoption of IFRS 9, which are disclosed in note 5.1 to the financial statements.
- 2.1.5** The SBP, vide its BPRD Circular No. 13 dated 01 July 2024, issued the revised forms for the preparation of the annual financial statements of the Banks / DFIs, which are applicable for periods beginning on or after 01 January 2024, as per the applicability criteria given in BPRD Circular Letter No. 07 of 2023 dated 13 April 2023. The implementation of the revised forms has resulted in certain changes to the presentation and disclosures of various elements of these financial statements. The significant change is related to right-of-use assets and corresponding lease liability, which are now presented separately on the face of the statement of financial position. Previously, these were presented under property and equipment (earlier titled as fixed assets) and other liabilities respectively. There is no impact of this change on the financial statements in terms of recognition and measurement of assets and liabilities.

The Bank has adopted the above changes in the presentation and made additional disclosures to the extent applicable to its operations, and corresponding figures have been rearranged / reclassified to correspond to the current period presentation, as presented in note 50.

**2.2 Standards, interpretations of and amendments to the published accounting and reporting standards that are effective in the current year**

There are certain new and amended standards, issued by the International Accounting Standards Board (IASB), interpretations, and amendments that are mandatory for the Bank's accounting periods beginning on or after 01 January 2024, but are considered not to be relevant or do not have any material effect on the Bank's operations and are therefore not detailed in these financial statements except for IFRS 9 (Financial Instruments), the impacts of which are disclosed under note 5.1.

**2.3 Standards, interpretations of and amendments to the published accounting and reporting standards that are not yet effective**

There are certain new and amended standards, issued by the International Accounting Standards Board (IASB), interpretations, and amendments that are mandatory for the Bank's accounting periods beginning on or after 01 January 2025, but are considered not to be relevant or will not have any material effect on the Bank's financial statements except for:

- The new standard - IFRS 18 'Presentation and Disclosure in Financial Statements' (IFRS 18) (published in April 2024) with applicability date of 01 January 2027, by IASB. IFRS 18 is yet to be adopted in Pakistan. IFRS 18, when adopted and applicable, shall impact the presentation of the 'Statement of Profit and Loss Account' with certain additional disclosures in the financial statements.
- Amendments to IFRS 9 'Financial Instruments', which clarify the date of recognition and derecognition of a financial asset or financial liability, including settlement of liabilities through banking instruments and channels, including electronic transfers. The amendment, when applied, may impact the timing of recognition and derecognition of financial liabilities.
- Amendment to IAS 21 'The Effects of Changes in Foreign Exchange Rates', which will require banks to apply a consistent approach in assessing whether a currency can be exchanged into another currency and, when it cannot, in determining the exchange rate to use and the disclosures to provide.

The management is in the process of assessing the impact of these amendments on the financial statements of the Bank.

*MEL*

## 2.4 Critical accounting estimates and judgments

The preparation of these financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates, and assumptions that affect the reported amounts of assets and liabilities, and income and expenses, as well as in the disclosure of contingent liabilities. It also requires management to exercise judgment in the application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, if the revision affects only that period, or in the period of revision and in future periods if the revision affects both current and future periods.

Material accounting estimates and areas where judgments were made by the management in the application of accounting policies are as follows:

- i) Classification, valuation, and credit loss allowance / provisioning against investments (notes 5.1, 5.2 and 9);
- ii) Classification and credit loss allowance / provisioning against Islamic financing and related assets (notes 5.1, 5.5 and 10.5);
- iii) Income taxes (notes 5.14 and 33);
- iv) Accounting for defined benefit plan (notes 5.15 and 38);
- v) Depreciation of property and equipment (notes 5.6.1 and 11.2);
- vi) Depreciation and revaluation of non-banking assets acquired in satisfaction of claims (notes 5.10 and 15.1);
- vii) Amortisation of intangible assets (notes 5.8 and 13.1);
- viii) Impairment of non-financial assets (note 5.9);
- ix) Fair value measurement of financial instruments (note 41);
- x) Credit loss allowance / provision against other assets and other provisions (note 15.3);
- xi) Credit loss allowance / provision against off-balance sheet obligations (notes 5.17 and 21.2); and
- xii) Lease liability, including determination of the lease term for lease contracts with renewal and termination options and right-of-use assets (the Bank as a lessee) (notes 5.7 and 19).

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

## 3 BASIS OF MEASUREMENT

### 3.1 Accounting convention

These financial statements have been prepared under the historical cost convention except that certain property and equipment and non-banking assets acquired in satisfaction of claims are stated at revalued amounts; investments classified at fair value through profit and loss and fair value through other comprehensive income; foreign exchange contracts and derivative financial instruments are measured at fair value; defined benefit obligations are carried at present value; right-of-use assets and related lease liabilities are measured at present value on initial recognition; and staff financing is measured at fair value on initial recognition.

## 4 FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements are measured using the currency of the primary economic environment in which the Bank operates. The financial statements are presented in Pakistani Rupees, which is the Bank's functional and presentation currency.

## 5 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies adopted in the preparation of these financial statements is set out below. The material accounting policies applied in the preparation of these financial statements are consistent with those of the previous year, except for the changes mentioned in note 5.1.

### 5.1 Adoption of IFRS 9 - 'Financial Instruments'

As per the SBP BPRD Circular Letter No. 07 of 2023, dated 13 April 2023, IFRS 9 is applicable to banks with effect from 01 January 2024. IFRS 9 introduces fundamental changes to the accounting for financial assets and certain aspects of accounting for financial liabilities. To determine the appropriate classification and measurement category, IFRS 9 requires all financial assets, except equity instruments, to be assessed based on a combination of the entity's business model for managing the assets and the instruments' contractual cash flow characteristics. The adoption of IFRS 9 has also fundamentally changed the impairment method for financial assets, moving to a forward-looking Expected Credit Loss (ECL) approach.

*Amel*

The SBP, through BPRD Circular Letter No. 16 dated 29 July 2024, and BPRD Circular Letter No. 01 dated 22 January 2025 (Letters), has made certain amendments and clarified the timelines for some of the SBP's IFRS 9 Application Instructions to address matters raised by banks, ensuring compliance with the timelines. The Letters have provided clarifications / relaxations regarding the measurement of unquoted equity securities, modification accounting, the maintenance of general provisions over and above ECL, accounting methodology for income recognition on Islamic products, and the treatment of charity. Accordingly, the Bank has adopted the treatment as instructed in the aforementioned Letters in these financial statements. Additionally, the SBP issued a separate instruction dated 22 January 2025, allowing an extension for the application of the Effective Profit Rate until 31 December 2025.

Upon the application of IFRS 9, certain accounting policies have been revised to comply with IFRS 9 requirements. These revised accounting policies are disclosed in their respective policy notes within these financial statements.

#### 5.1.1 Application to the Bank's financial assets

##### Debt based financial assets

Debt based financial assets held by the Bank (including Islamic financing and related assets, due from financial institutions, investment in federal government securities, corporate bonds and other private sukuks, cash and balances with treasury banks, balances with other Banks, and other financial assets) are measured at amortised cost if they meet both of the following conditions and is not designated as at FVTPL.

- the assets are held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

The Bank's business model for these financial assets can still be HTC even when sales of these financial assets occur. However, if more than an infrequent number of sales or sale(s) of significant value are / is made, the Bank assesses whether and how the sales are consistent with the HTC objective. This assessment includes the reason(s) for the sales, the expected frequency of sales, and whether the assets that are sold are held for an extended period of time relative to their contractual maturities.

The aforementioned financial assets are measured at FVOCI only if these meet both of the following conditions and are not designated as at FVTPL:

- the asset are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

The aforementioned financial assets if held for trading purposes are classified as measured at FVTPL.

In addition, on initial recognition, the Bank may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The Bank's investment in sub-ordinated sukuks issued by other Banks under available for sale portfolio as of December 31, 2023 have been reclassified as FVTPL since they do not pass the SPPI criteria due to equity conversion features and loss absorbency clause embedded in the terms of these sukuks.

The following table reconciles their carrying amounts as reported on 31 December 2023 to the carrying amounts under IFRS 9 on transition to IFRS 9 on 01 January 2024:

|                                      | Balances as of<br>31 December<br>2023 (Audited) | IFRS 9<br>Classification | Balances as of<br>31 December<br>2023 | Balances as of<br>01 January 2024<br>before ECL |
|--------------------------------------|-------------------------------------------------|--------------------------|---------------------------------------|-------------------------------------------------|
| (Rupees in '000)                     |                                                 |                          |                                       |                                                 |

AMEL

## Equity based financial assets

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual share in the issuer's net assets.

An equity instrument held by the Bank for trading purposes is classified as measured at FVTPL. On initial recognition of an equity investment that is not held for trading, the Bank may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis. The Bank measures all equity investments at fair value through profit or loss, except where the Bank's management has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income.

The Bank's policy is to designate equity investments as FVOCI when those investments are held for purposes other than for trading. When this election is used, fair value gains and losses are recognised in OCI and are not subsequently reclassified to the statement of profit and loss account, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognised in the statement of profit and loss account as income when the Bank's right to receive payments is established. The Bank has decided to classify Rs. 98.127 million out of its available for sale equity investment portfolio as of 31 December 2023 as FVOCI on irrevocable basis.

Further, the Bank has reclassified investment in listed equity investment - AFS of Rs. 121.350 million as at 31 December 2023 to investments through FVTPL category.

The following table reconciles the carrying amounts as reported on 31 December 2023 to the carrying amounts under IFRS 9 on transition to IFRS 9 on 01 January 2024:

|              | Balances as of<br>31 December<br>2023 (Audited) | IFRS 9<br>Classification | Balances as of<br>31 December<br>2023 | Balances as of<br>01 January<br>2024 |

## 5.2 Financial assets and liabilities

### 5.2.1 Classification

#### Financial assets

Under IFRS 9, existing categories of financial assets: Held-for-trading (HFT), Available-for-sale (AFS) and Held-to-maturity (HTM) have been replaced by:

- Financial assets at fair value through statement of profit or loss account (FVTPL)
- Financial assets at fair value through other comprehensive income (FVOCI)
- Financial assets at amortised cost

#### Financial liabilities

Under IFRS 9, the accounting for financial liabilities remains largely the same as before adoption of IFRS 9 and thus all financial liabilities are being carried at amortised cost. Financial liabilities can also be designated at FVTPL where gains or losses arising from entity's own credit rating risk relating to are required to be presented in other comprehensive income with no reclassification to the statement of profit and loss account. The Bank did not have any financial liability measured at FVTPL.

| Financial Statements Caption          | Note |
|---------------------------------------|------|
| Cash and balances with treasury banks | 5.3  |
| Balances with other banks             | 5.3  |
| Due from financial institutions       | 5.4  |
| Investments                           | 5.2  |
| Islamic financing and related assets  | 5.5  |
| Bills payable                         | -    |
| Due to financial institutions         | 5.4  |
| Deposits and other accounts           | 5.11 |
| Subordinated mudaraba                 | 5.12 |

### 5.2.2 Business model assessment

The Bank determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Bank's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- the objectives for the portfolio, in particular, whether the management's strategy focuses on earning contractual revenue, maintaining a particular yield profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;
- how the performance of the business model and the financial assets held within that business model are evaluated and reported to the Bank's key management personnel;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed; and
- the expected frequency, value and timing of sales are also important aspects of the Bank's assessment. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Bank's stated objective for managing the financial assets is achieved and how cash flows are realised.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Bank's original expectations, the Bank does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

After

Eventually, the financial assets fall under either of the following three business models:

- i) Hold to Collect (HTC) Business Model: Holding assets in order to collect contractual cash flows
- ii) Hold to Collect and Sell (HTC&S) Business Model: Collecting contractual cash flows and selling financial assets
- iii) Other Business Models: Resulting in classification of financial assets as FVTPL

Securities held for trading are held principally for the purpose of selling in the near term or are part of a portfolio of financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking. These securities are classified in the 'other' business model and measured at FVTPL.

### 5.2.3 Assessments whether contractual cash flows are solely payments of principal and profit (SPPI)

As a second step of its classification process the Bank assesses the contractual terms of financial assets to identify whether they meet the SPPI test. 'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium / discount). The most significant elements of profit within a financing arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Bank applies judgment and considers relevant factors such as, but not limited to, the currency in which the financial asset is denominated, and the period for which the profit rate is set. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with basic lending arrangement, the related financial asset is classified and measured at FVTPL.

### 5.2.4 Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade date, the date on which the Bank purchases or sells the asset. Other financial assets and liabilities like Islamic financing and related assets, due from financial institutions, deposits etc. are recognised when funds are transferred to the customers' account or financial institutions or as per underlying shariah mode. However, for cases, where funds are transferred on deferred payment basis, recognition is done when underlying asset is purchased. The Bank will recognise due to customer and financial institution balances when these funds reach the Bank.

#### Amortised cost

Financial assets and liabilities under amortised cost category are initially recognised at fair value adjusted for directly attributable transaction cost. These are subsequently measured at amortised cost. An expected credit loss allowance (ECL) is recognised for financial assets in the statement of profit and loss account. Rental income, profit earned / expensed on these assets / liabilities are recognised in the statement of profit and loss account. On derecognition of these financial assets and liabilities, realised gain / loss will be recognised in the statement of profit and loss account.

#### Fair value through other comprehensive income

Financial assets under FVOCI category are initially recognised at fair value adjusted for directly attributable transaction cost. These assets are subsequently measured at fair value with changes recorded in OCI. An expected credit loss allowance (ECL) is recognised for financial assets in the statement of profit and loss account. Rental income, profit / dividend income on these assets are recognised in the statement of profit and loss account. On derecognition of these financial assets, realised gain / loss will be recognised in the statement of profit and loss account only in case of debt instruments. For equity based financial assets classified as FVOCI, capital gain / (loss) is transferred from surplus / deficit to unappropriated profit.

#### Fair value through profit or loss

Financial assets under FVTPL category are initially recognised at fair value. Transaction cost will be directly recorded in the statement of profit and loss account. These assets are subsequently measured at fair value with changes recorded in the statement of profit and loss account. Profit / dividend income on these assets are recognised in the statement of profit and loss account. On derecognition of these financial assets, realised gain / loss will be recognised in the statement of profit and loss account. An expected credit loss allowance (ECL) is not recognised for these financial assets.

### 5.2.5 Derecognition

#### Financial assets

The Bank derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or

*Handwritten signature*

- it transfers the rights to receive the contractual cash flows in a transaction in which either substantially all of the risks and rewards of ownership of the financial asset are transferred / the Bank neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

#### Financial liabilities

The Bank derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The Bank also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in the statement of profit and loss account.

#### 5.2.6 Modification

The Bank sometimes renegotiates or otherwise modifies the contractual cash flows of financing to its customers. The Bank assesses whether the modified terms result in the financial asset being significantly modified and, therefore, derecognised. When the contractual cash flows of a financial asset are renegotiated or otherwise modified, and the renegotiation or modification does not result in the derecognition of that financial asset in accordance with IFRS 9, the Bank recalculates the gross carrying amount of the financial asset and shall recognise a modification gain or loss in the statement of profit and loss account. The gross carrying amount of the financial asset is recalculated as the present value of the renegotiated or modified contractual cash flows, which are discounted at the financial asset's original effective profit rate (or credit-adjusted effective profit rate for purchased or originated credit-impaired financial assets). Any costs or fees incurred adjust the carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset.

#### 5.2.7 Overview of the ECL principles

The Bank assesses on a forward-looking basis the expected credit losses ('ECL') associated with all Islamic financing and related assets and other debt financial assets not held at FVTPL, together with letter of credit, guarantees and unutilised financing commitments hereinafter referred to as "Financial Instruments". The Bank recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL) as outlined below.

The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. Both LTECLs and 12mECLs are calculated at individual customer level.

#### 5.2.8 Definition of default

The Bank defines a financial instrument as in default, which is fully aligned with the definition of credit impaired, when it meets one or more of the following criteria:

The customer is more than 90 days past due on its contractual payments, except in case of agriculture, project infrastructure and housing financing. This implies that if one facility of a counterparty is defaulted as per the definition all other facilities would deem to be classified as stage 3.

Further the following criteria has been determined for assessment of default:

- The Bank makes a charge-off or account-specific provision resulting from a perceived decline in credit quality subsequent to the Bank taking on the exposure;
- The Bank sells the credit obligation at a material credit-related economic loss;

*Amber*

- The Bank consents to a distressed restructuring of the credit obligation where this is likely to result in a diminished financial obligation caused by the material forgiveness, or postponement, of principal, profit or (where relevant) fees;
- The Bank has filed for the obligor's bankruptcy or a similar order in respect of the obligor's credit obligation to the industry group, and 'the obligor has sought or has been placed in Bankruptcy or similar protection where this would avoid or delay repayment of the credit obligation to the industry group', and
- The Bank considers that the obligor is unlikely to pay its credit obligations in full, without recourse by the Bank to actions such as realising security (if held).

#### 5.2.9 Write-offs

The Bank's accounting policy under IFRS 9 remains the same as it was under SBP regulations.

### 5.3 Cash and cash equivalents

Cash and cash equivalents comprise of cash in hand, cash and balances with treasury banks and balances with other banks in current and deposit accounts.

### 5.4 Due to / from financial institutions

#### 5.4.1 Bai Muajjal

The Bank enters into Bai Muajjal transactions of sale (Due to Financial Institutions) and purchase (Due from Financial Institutions). These are recorded as below:

##### 5.4.1.1 Bai Muajjal purchase

Bai Muajjal transactions representing purchase of shariah compliant instruments on deferred payment basis and are presented in Due from Financial Institutions except for transactions undertaken directly with the Government of Pakistan which are disclosed as investments. The credit price is agreed at the time of sale and such proceeds are received at the end of the credit period. The difference between the deferred payment amount receivable and the carrying value at the time of sale is accrued and recorded as income on a time proportion basis over the life of the transaction.

##### 5.4.1.2 Bai Muajjal sale

Bai Muajjal transactions representing sale of shariah compliant instruments on deferred payment basis and are shown in Due to Financial Institutions. The credit price is agreed at the time of purchase and the proceeds are paid at the end of the credit period. The difference between the deferred payment amount payable and the carrying value at the time of purchase is accrued and recorded as borrowing cost on a time proportion basis over the life of the transaction.

#### 5.4.2 Musharaka

In Musharaka, the Bank invests in Shariah compliant business pools of financial institutions at agreed profit and loss sharing ratio under Musharaka agreements.

#### 5.4.3 Musharaka from State Bank of Pakistan under refinance schemes

Under the refinance schemes, the Bank accepts funds from the SBP under shirkat-ul-aqd to constitute a pool for investment in export refinance portfolio of the Bank under the guidelines issued by the SBP. The profit of the pool is shared as per the agreed weightages between the partners.

#### 5.4.4 Wakalah

In Wakalah, the Bank accepts / places funds from / with financial institutions by entering into Investment Agency Agreement for the funds to be invested in profitable avenues as / on behalf of the Muwakkil.

### 5.5 Islamic financing and related assets

- #### 5.5.1
- Islamic financing and related assets are stated net of specific and general provisions. Specific provision for Islamic financing and related assets is made in accordance with the requirements of the Prudential Regulations and other directives issued by the SBP which is based on the time based criteria and subjective evaluation of the credit worthiness of the borrowers. The amount of provision is charged to the statement of profit and loss account. The amount of general provision is determined in accordance with the relevant regulations and the management's judgment. Islamic financing and related assets are written off when there is no realistic prospect of recovery. The Bank also offers various Islamic financing products the details of which are as follows:

Amel

**(a) Murabaha**

In Murabaha transactions, the Bank purchases the goods and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction.

**(b) Ijarah**

Ijarah is a contract whereby the owner of an asset (other than consumables) transfers its usufruct to another person for an agreed period and for an agreed consideration.

Ijarah assets are stated at cost less accumulated depreciation and impairment losses, if any. Depreciation is charged from the date of recognition of Ijarah assets on a straight line basis over the period of Ijarah. Ijarah rental income is recognised on an accrual basis as and when the rental becomes due.

**(c) Istasna**

In istasna financing, the Bank places an order to purchase some specific goods / commodities from its customers to be delivered to the Bank within an agreed time. The goods are then sold by the customer on behalf of the Bank and the amount hence financed along with the profit is paid back to the Bank.

**(d) Tijarah**

In tijarah financing, the Bank purchases specific goods / commodities on cash basis from its customer against spot delivery. The customer is then appointed as an agent to sell the Tijarah goods in the market. On execution of onwards sale by the customers, the net amount realised is paid by the customer to the Bank.

**(e) Diminishing Musharaka**

In Diminishing Musharakah financing, the Bank enters into Musharakah based on Shirkat-ul-mulk for purchasing an agreed share of fixed asset (e.g. house, land, plant or machinery) with its customers. The customers pay periodic profit as per the agreement for the utilisation of the Bank's Musharakah share and also periodically purchase the Bank's share over the tenure of the transaction.

**(f) Salam**

Salam is a sale transaction where the seller undertakes to supply some specific goods to the buyer at a future date against an advance price fully paid on spot. The funds disbursed under Salam are recorded as advances against Salam. On execution of goods receiving note and receipt of Salam, the same are recorded in the statement of financial position as inventories of the Bank at cost price and after the sale of goods by customer to its ultimate buyers, Salam financing is recognised.

**(g) Running Musharaka**

Running musharaka is a shirkul-aqd based financing facility offered to the customers where the Bank participates in operating activities of the customer and share profit and loss as per the actual performance of their business.

**5.5.2 Inventories**

Goods purchased but remaining unsold at the reporting date are recorded as inventories. The Bank values its inventories at the lower of cost and net realisable value. Cost of inventories represents actual purchases made by the Bank / customers as an agent of the Bank for subsequent sale.

The net realisable value is the estimated selling price in the ordinary course of business less the estimated cost necessary to make the sale.

**5.6 Fixed assets****5.6.1 Property and equipment**

Property and equipment, other than land, are stated at cost less accumulated depreciation and accumulated impairment losses (if any). Land is stated at cost.

*After*

Depreciation is charged using the straight-line method in accordance with the rates specified in note 11.2 to these financial statements and after taking into account residual value, if any. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate at each reporting date. Depreciation on additions is charged from the month the asset is available for use while no depreciation is charged in the month in which the asset is disposed off.

Gains / losses on sale of fixed assets are credited / charged to the statement of profit and loss account and disclosed in other income.

Subsequent costs are included in the asset's carrying amount and recognised as a separate asset as appropriate, only when it is probable that future benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit and loss account as and when incurred.

#### **5.6.2 Capital work-in-progress**

Capital work-in-progress is stated at cost less accumulated impairment losses, if any. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to specific assets as and when assets become available for use.

### **5.7 Leasing arrangements**

#### **5.7.1 Right-of-use assets**

At the inception of the contract, the Bank assesses whether a contract is, or contain, a lease. The Bank applies a single recognition and measurement approach for all leases, except for short term leases and leases of low-value assets. At the commencement date of the lease, the right-of-use asset is initially measured at the present value of lease payment plus initial direct cost (if any). Subsequently, right-of-use assets are measured at cost, less accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

#### **5.7.2 Lease liability against right-of-use assets**

At the commencement date of the lease, the Bank recognises lease liability measured at the present value of the consideration (lease payments) to be made over the lease term and is adjusted for lease prepayments. Lease payments include fixed lease payments less any incentive receivables, variable lease payment dependent upon index or rate, amount expected to be paid under residual value guaranteed if any. The lease payments are discounted using the interest rate implicit in the lease, unless it is not readily determinable, in which case the lessee may use the incremental rate of borrowing. After the commencement date, the carrying amount of lease liability is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities are remeasured if there is a modification, change in lease term, change in lease payments or change in assessment to purchase the underlying assets.

#### **5.7.3 Short-term leases and leases of low-value assets**

The Bank applies the short-term lease recognition exemption to its short-term leases of property and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

### **5.8 Intangible assets**

Intangible assets having finite useful lives are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised from the month, when these assets are available for use, using the straight line method. No amortisation is charged in the month of disposal. The residual values, useful lives and amortisation methods are reviewed and adjusted, if appropriate, at each reporting date. Amortisation rates are specified in note 13.1 to these financial statements.

Intangible assets having indefinite useful lives are not amortised but tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains and losses on disposal are taken to the statement of profit and loss account.

*After*

### 5.8.1 Business combinations and goodwill

Business combinations are accounted for by applying the acquisition method. The cost of acquisition is measured as the fair value of assets given, equity instruments issued and the liabilities incurred or assumed at the date of acquisition. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement, if any. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the consideration transferred over the fair value of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets acquired in the case of a bargain purchase, the difference is recognised directly in the statement of profit and loss account.

Goodwill acquired in a business combination is measured, subsequent to initial recognition, at its cost less accumulated impairment losses, if any. Goodwill acquired in a business combination is tested for impairment annually or whenever there is an indication of impairment as per the requirements of International Accounting Standard (IAS) 36, 'Impairment of assets'. Impairment charge in respect of goodwill is recognised in the statement of profit and loss account and is not subsequently reversed.

### 5.9 Impairment of non-financial assets

The carrying amount of non-financial assets are reviewed at each reporting date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amount. The resulting impairment loss is taken to the statement of profit and loss account. An impairment loss is reversed except for impairment loss relating to goodwill, if there has been a change in the estimate used to determine the recoverable amount. Such reversals are only made to the extent that the asset's carrying amount does not exceed the amount that would have been determined if no impairment loss had been recognised.

### 5.10 Non-banking assets

Non-banking assets acquired in satisfaction of claims are carried at revalued amounts less accumulated depreciation and accumulated impairment, if any. These assets are revalued by professionally qualified valuers with sufficient regularity to ensure that their net carrying values do not differ materially from their fair values. A surplus arising on revaluation of property is credited to the 'surplus on revaluation of assets' account and any deficit arising on revaluation is taken to the statement of profit and loss account directly. Legal fees, transfer cost and direct cost of acquiring title to property is charged to the statement of profit and loss account and not capitalised. The assets are disclosed in other assets as specified by the SBP.

Depreciation is determined with reference to the value assigned to such assets on revaluation and depreciation charge for the year is taken to the statement of profit and loss account.

### 5.11 Deposits

Deposits are generated on the basis of two modes i.e. Qard and Mudaraba. Deposits taken on Qard basis are classified as 'Current Accounts' and deposits generated on Mudaraba basis are classified as 'Savings account' and 'Fixed deposit accounts'.

No profit or loss is passed on to current account depositors. However, the funds of current accounts are treated as equity for the purpose of profit calculation and any profit earned / loss incurred on these funds are allocated to the equity of the Bank. Profits realised in pool are distributed in pre-agreed profit sharing ratio. Rab-ul-Maal share is distributed amongst depositors according to weightages assigned at the inception of profit calculation period.

Mudarib (the Bank) can distribute its share of profit to Rab-ul-Maal in line with Shariah guidelines issued by the SBP.

### 5.12 Subordinated mudaraba

A subordinated mudaraba is initially recorded at the amount of proceeds received and subsequently carried at amortised cost. Profit accrued on Subordinated sukuks balances is charged to the statement of profit and loss account.

### 5.13 Revenue recognition

- Profit on murabaha transactions is recognised on an accrual basis. Profit on murabaha transactions for the period from the date of disbursement to the date of culmination of murabaha is recognised immediately at the date of culmination.

Amel

- Rental income on ijarah financing is recognised on an accrual basis.
- Profit on diminishing musharaka, mudaraba and service ijarah is recognised on an accrual basis.
- Profit on running musharakah financing is recognised on an accrual basis and is adjusted upon declaration of profit by musharakah partners.
- Profit on tijarah, salam and istasna is recognised on an accrual basis for the period from the date of sale of goods by the Bank's customer till the realisation of sale proceeds by the Bank (date of culmination).
- Profit on bai muajjal transactions are recognised on an accrual basis.
- Dividend income is recognised when the Bank's right to receive the dividend is established.
- Profit from investment in sukuk is recognised on an accrual basis. Premium and discount on purchase of sukuk are being amortised through the statement of profit and loss account over the remaining maturity using effective profit rate method.
- Profit on Wakala is accounted for on a time apportioned basis that reflects the effective yield on the asset.
- Gains / losses on disposal of fixed assets, ijarah assets and musharaka assets are taken to the statement of profit and loss account in the period in which they arise.
- Rentals from non-banking assets are recognised when earned.
- The Bank earns fee and commission income from certain non-funded banking services. The related fee and commission income is recognised at an amount that reflects the consideration to which the Bank expects to be entitled in exchange for providing the services. The Bank recognises fees earned on transaction-based arrangements at a point in time when the Bank has fully provided the service to the customer. Where the contract requires services to be provided over time, the income is recognised on a systematic basis over the life of the related service. Unearned fees and commissions are included under Other liabilities.
- Income earned from avenues that are not Shariah compliant is not recognised in the statement of profit and loss account. This income is classified as charity payable in accordance with the recommendation of the RSBM of the Bank.
- Realisation of profit earlier suspended in compliance with the Prudential Regulations issued by SBP is credited to the statement of profit and loss account on receipt basis.

#### 5.14 Taxation

Income tax expense comprises of current and deferred tax. Expense is recognised in the statement of profit and loss account except to the extent when it relates to items recognised directly in equity, in which case it is recognised in equity.

##### (a) Current

Provision for current taxation is based on taxable income for the year. Tax charge is determined in accordance with prevailing laws for taxation. The charge for the current tax is calculated using tax rates enacted or substantively enacted at the reporting date.

##### (b) Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and amounts used for taxation purposes. In addition, the Bank also records deferred tax asset on available tax losses. Deferred tax is calculated using the rates that are expected to apply to the period when the differences are expected to reverse, based on tax rates that have been enacted or substantively enacted at the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. The carrying amount of the deferred tax asset is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised.

The Bank also recognises a deferred tax asset / liability on the deficit / surplus on revaluation of assets which is adjusted against the related surplus / deficit in accordance with the requirements of the International Accounting Standard (IAS) 12, 'Income Taxes'.

## 5.15 Staff retirement benefits

### (a) Defined benefit plan

The Bank operates an approved funded gratuity scheme for all its permanent employees. The benefits under the gratuity scheme are payable on retirement at the age of 60 or earlier cessation of service, in lump sum. The benefit is equal to one month's last drawn basic salary for each completed year of service, subject to a minimum of three years of service. The scheme is regulated under the trust deed and rules of the Fund and is administrated by the trustees nominated under the trust deed.

The defined benefit obligation is calculated periodically by an independent actuary using the projected unit credit method. Remeasurement gain or losses are recognised in other comprehensive income while return on plan assets and interest cost (net) are recognised in the statement of profit and loss account.

Further, the Bank is liable under the agreement with third-party contractual staff service provider to reimburse to service provider all payouts relating to the employees, which inter-alia includes gratuity payments (the benefit). The benefit is payable on retirement at the age of 60 or earlier cessation of service, in lump sum. The benefit is equal to one month's last drawn gross salary for each completed year of service. The defined benefit obligation is calculated periodically by an independent actuary using the projected unit credit method.

### (b) Defined contribution plan

The Bank also operates a contributory provident fund for all permanent employees to which each monthly contributions are made, both by the Bank and the employees, to the fund at a rate of 10 percent of basic salary.

## 5.16 Provisions, contingent assets and contingent liabilities

Provisions are recognised when the Bank has a present legal or constructive obligation arising as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions are reviewed at each statement of financial position date and are adjusted to reflect the current best estimates.

Contingent assets are not recognised unless inflow of economic benefits is virtually certain.

Contingent liabilities are not recognised but are disclosed unless the probability of an outflow of resources embodying economic benefits is remote.

## 5.17 Provision for claims under non-financial guarantees and other off-balance sheet obligations

The Bank, in the ordinary course of business, issues non-financial guarantees, bid bonds, performance bonds etc. The Bank's liability under such contracts is measured at the best estimate of the amount expected to settle any financial obligation arising under such contracts.

## 5.18 Foreign currency transactions

Foreign currency transactions are translated into Pakistani rupees at the exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into Pakistani rupees at the exchange rates prevailing at the reporting date. Exchange gains or losses are included in the statement of profit and loss account.

## 5.19 Commitments

Commitments for outstanding forward foreign exchange contracts are disclosed in the financial statements at their committed amounts. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in rupee terms at the exchange rates prevailing at the reporting date.

## 5.20 Acceptances

Acceptances comprise undertakings by the Bank to pay bills of exchange drawn on customers. The Bank expects most acceptances to be simultaneously settled with the reimbursement from the customers. Acceptances are accounted for in these statement of financial position both as assets and liabilities.

## 5.21 Financial guarantee

Financial guarantee contracts are contracts that require the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of a debt instrument. Such financial guarantees are given to banks, financial institutions, and others on behalf of customers to secure loans, overdrafts and other banking facilities.

AMEL

Financial guarantee contracts are initially measured at fair value and subsequently measured at the higher of:

- The amount of the loss allowance; and
- The premium received on initial recognition less income recognised in accordance with the principles of IFRS 15.

## 5.22 Share capital and reserves

Ordinary shares are classified as equity and are recorded at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Discount on issue of shares and capital support received are shown in equity as a separate reserve.

The appropriation to reserves are recognised in the financial statements in the period in which these are approved by the Board of directors.

### 5.22.1 Dividend

Dividend declared and appropriations, except for transfer to statutory reserve, made subsequent to the reporting date are considered as non adjusting events and are recorded as a liability in the financial statements in the year in which these are approved by the directors / shareholders as appropriate.

## 5.23 Segment reporting

A segment is a distinguishable component of the Bank that is engaged either in providing products or services (business segment), or in providing product or services within a particular economic environment (geographical segment), which is subject to risk and rewards that are different from those of other segments. The Bank's primary format of reporting is based on business segments. Operating segments are reported in a manner consistent with the internal reporting provided to the management. Management monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment.

### 5.23.1 Business segments

#### (a) Corporate Banking

It includes assets and liabilities of corporate customers including corporate sukuk, project finance, export finance, trade finance and guarantees.

#### (b) Commercial and Small & Medium Enterprise (SME) banking

It includes assets and liabilities of commercial and SME clients including project finance, export finance, trade finance and guarantees.

#### (c) Retail and Consumer banking

It includes deposits and branch banking services. It also includes consumer auto and housing financing.

#### (d) Trading and Sales

It includes treasury operations in respect of capital market, money market and other forex related activities.

#### (e) Others

It includes centralised functions which cannot be classified in any of the above segments.

### 5.23.2 Geographical segments

Currently, the operations of the Bank are carried out in Pakistan only.

## 5.24 Earnings per share

The Bank presents basic and diluted earnings per share (EPS) for its shareholders. Basic earnings per share is calculated by dividing the profit attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is determined by adjusting the profit or loss attributable to the ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any.

*Amel*

## 5.25 Pool management

The Bank operates general and specific pools for depositors and other fund providers.

Under the general deposits pool, the Bank accepts funds on Mudaraba basis from depositors (Rab-ul-Maal) where the Bank acts as Manager (Mudarib) and invests the funds in Shariah compliant modes of Islamic financings and related assets, investments and placements. When utilising investing funds, the Bank prioritises the funds received from depositors over the funds generated from own sources after meeting the regulatory requirement relating to such deposits.

Specific pools are operated for:

- (a) Funds received from the State Bank of Pakistan under the Refinance Schemes under the Musharaka mode.
- (b) Funds acquired from Islamic Financial Institutions for liquidity management under either Musharaka or Wakala modes.
- (c) Funds accepted on Mudaraba basis from high net-worth / special deposit customers who demand higher rate of return on their investments.

The profit of each deposit pool is calculated on all the remunerative assets by utilising the funds from the pool after deduction of expenses directly incurred in earning the income of such pool, if any. No provisions against any non performing assets of the pool is passed on to the pool. The profit of the pool is shared among the members of the pool on pre-defined mechanism based on the weightages announced before the profit calculation period.

The deposits and funds under the above mentioned pools are provided to diversified sectors and avenues of the economy / business and are also invested in Government of Pakistan backed ijarah sukuk and other sovereign securities. Musharaka investments from the State Bank of Pakistan under Islamic Export Refinance Schemes are channelled towards the export sector of the economy.

| 6   | CASH AND BALANCES WITH TREASURY BANKS                                                                                                                                                                                          | Note | 2024                         | 2023                         |

10.6.2 The above provision against non-performing Islamic financing and related assets has been computed after considering allowable forced sale value (FSV) of collateral amounting to Rs. 2,341.630 million (31 December 2023: Rs. 1,763.004 million). The FSV benefit recognised is not allowed for distribution of cash or stock dividend to shareholders and bonus to employees. The cumulative net FSV benefit recognised while computing the credit loss allowance against Islamic financing and related assets amounted to Rs 637.244 million and the amount net of tax is Rs 293.132 million.

10.6.3 The Bank has maintained a general provision of Rs. 592.375 million (31 December 2023: Rs. 894.744 million) against financing made on prudent basis, in view of prevailing economic conditions. This general provision is in addition to the requirements of Prudential Regulations and IFRS 9 as allowed by SBP vide BPRD circular letter no. 1 of 2025.

**10.8.1 Details of loan write off of Rs. 500,000/- and above**

In terms of sub-section (3) of Section 33A of the Banking Companies Ordinance, 1962, the Statement in respect of written-off loans or any other financial relief of rupees five hundred thousand or above allowed to a person(s) during the year ended is given in Annexure-1.

**10.9 The SBP has directed the Banks through its BPRD Circular Letter No.1 dated January 22, 2025 to disclose the impact of IFRS 9 on revenue recognition from Islamic Operations which is as follows:**

Had IFRS 9 been adopted in its entirety for revenue recognition from Islamic operations profit / return earned on Islamic financing and related assets in the statement of profit and loss account for the year ended December 31, 2024 would have been lower by Rs. 353.721 million on net basis and tax expense would have been lower by Rs. 120.825 million. Further, an unappropriated profit as at 31 December 2024 in the statement of changes in equity would have been higher by Rs. 482.979 million (31 December 2023: Rs 715.874 million).

| <hr/> <hr/>                  |                |             |
| 14.29% - 33.33%              | 8.33% - 10%    |             |
| 3 to 7 Years                 | 10 to 12 Years |             |

- 13.2 Intangible assets include computer software that are fully amortised and are still in use aggregating to Rs. 930.477 million (31 December 2023: Rs. 818.932 million).
- 13.3 Core deposits are intangible assets acquired by the Bank during its amalgamation with Ex-Emirates Global Islamic Bank Limited and Ex-Burj Bank Limited. The valuation of core deposit was carried out by an independent valuer at the time of amalgamation. The carrying amount of core deposits is Rs. 128.7 million (31 December 2023: Rs. 198.9 million) with a remaining amortisation period of 2 years.
- 13.4 Intangible assets include brand having indefinite useful life with a carrying amount of Rs. 383.145 million (31 December 2023: Rs. 383.145 million). This represents the Bank's ability to attract new customers and generate superior returns from existing customers due to brand recognition. The management considers that the benefits from usage of brand will be available to the Bank for an indefinite time period.

The brand was recognized by the Bank upon the amalgamation with Ex-Emirates Global Islamic Bank Limited, and its value was allocated to the "Retail and Consumer Banking," "Commercial and SME Banking," and "Corporate Banking" segments (as individual cash-generating units). On an ongoing basis, management assesses the recoverable amount of each cash-generating unit in accordance with the requirements of IAS 36. According to IAS 36, a cash-generating unit must be tested for impairment annually, and an impairment loss shall be recognized only if the recoverable amount of the unit is less than its carrying amount.

During the year, the management has assessed the recoverable amount of the cash-generating unit which exceeds its carrying amount. Accordingly, no impairment loss has been recognised in these financial statements on brand.

The recoverable amount of brand has been determined based on value-in-use calculation using discounted cash flow based on financial strategy / projections approved by the management of the Bank covering a five-year period. The following rates have been used by the Bank in the computation of value-in-use:

|                                 |        |
|---------------------------------|--------|
| Discount rate (post-tax)        | 19.00% |
| Terminal growth rate (post-tax) | 9.00%  |

Apple

### Deposit and Islamic Financing Growth and Profit Margins

The growth of deposits and Islamic financing, along with profit margins, are based on prevailing industry trends and anticipated market conditions.

#### Discount rate

The discount rate reflects management's estimates of the required rate of return for the Retail and Consumer Banking sector, Commercial and SME Banking sector, and Corporate Banking sector. It is calculated by considering the prevailing risk-free rate, industry risks, and business risks. The discount rate is derived using the Bank's cost of equity, calculated via the Capital Asset Pricing Model (CAPM).

#### Terminal growth rate

The terminal growth rate is used to extrapolate cash flows beyond the budgeted period. The assumptions for this rate are based on management's best estimates.

The management believes that any reasonable possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of brand.

- 13.5** Goodwill was recognized by the Bank upon the merger with Ex-Burj Bank Limited, and the amount of goodwill was allocated to the "Retail and Consumer Banking" segment (as an individual cash-generating unit). Management continuously assesses the recoverable amount of this cash-generating unit in accordance with the requirements of IAS 36. IAS 36 states that a cash-generating unit must be tested for impairment annually, and an impairment loss should be recognized only if the recoverable amount of the unit is less than its carrying amount.

During the year, management assessed the recoverable amount of the cash-generating unit, which exceeds its carrying amount. Therefore, no impairment loss has been recognized in these financial statements for goodwill.

The recoverable amount of goodwill has been determined based on value-in-use calculation using discounted cash flow based on financial strategy / projections approved by the management of the Bank covering a five-year period. The following rates have been used by the Bank in the computation of value-in-use:

|                                 |        |
|---------------------------------|--------|
| Discount rate (post-tax)        | 19.00% |
| Terminal growth rate (post-tax) | 9.00%  |

The calculation of value in use is most sensitive to the following assumptions:

### Deposit and Islamic Financing Growth and Profit Margins

The growth of deposits and Islamic financing, along with profit margins, are based on prevailing industry trends and anticipated market conditions.

#### Discount rate

The discount rate reflects management's estimates of the required rate of return for the Retail and Consumer Banking sector, Commercial and SME Banking sector, and Corporate Banking sector. It is calculated by considering the prevailing risk-free rate, industry risks, and business risks. The discount rate is derived using the Bank's cost of equity, calculated via the Capital Asset Pricing Model (CAPM).

#### Terminal growth rate

The terminal growth rate is used to extrapolate cash flows beyond the budgeted period. The assumptions for this rate are based on management's best estimates.

The management believes that any reasonable possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of brand.

MPL

**15.1.1** The non-banking assets acquired in satisfaction of claims have been revalued by professionally qualified valuers listed on Pakistan Banks' Association panel of valuers namely Professional Associates, Oceanic Surveyors (Private) Limited and Medallion Services (Private) Limited. The above market value as of 31 December 2024 is based on desktop valuation. The SBP's Regulations for Debt Property Swap require the Bank to carry out a full scope valuation of non-banking assets after every three years and desktop valuation every year. The latest full scope valuation was carried out on 31 December 2022 and latest desktop valuation has been carried out on 31 December 2024.

**17.1** The range of profit rates on these borrowings is 9% to 16.5% per annum (31 December 2023: 17% to 18% per annum). The maximum limit approved by SBP to the Bank under Islamic export refinance scheme is Rs. 5,436 million. The Bank's current revolving refinance limit will be phased out from SBP to reach at Rs. 4,167 million by end of June 2025. These contracts will mature between January 2025 to June 2026.

AMEL

- 17.2 SBP vide its Circular No. 02 of 2020 had introduced an Islamic temporary economic refinance facility to support sustainable economic growth. The facility aims to provide concessionary finance for setting up of new industrial units through purchase of new imported and locally manufactured plant and machinery. The profit rate on these borrowings is 1% (31 December 2023: 1%) per annum. The maximum limit approved by SBP to the Bank under this scheme is Rs. 2,000 million. These contracts will mature between November 2025 to October 2032.
- 17.3 SBP vide its Circular No. 04 of 2020 had introduced an Islamic refinance facility to combat the impact of COVID-19. The facility aims to provide long term finance for purchase of new imported and locally manufactured medical equipments to be used for combating COVID-19 by hospitals and medical centers registered with provincials / federal agencies. The maximum limit approved by SBP to the Bank under this scheme is Rs. 75 million. These contracts will mature between November 2025 to December 2026.
- 17.4 The profit rate on these borrowings is 2% (31 December 2023: 2%) per annum. The maximum limit approved by SBP to the Bank is Rs. 168 million. Further, these contracts will mature between September 2031 to April 2032.
- 17.5 SBP vide its IH&SMEFD Circular No. 05 of 2017 has introduced a refinance and credit guarantee scheme to improve access to finance for women entrepreneurs in the underserved areas of the country. The maximum limit approved by SBP to the Bank under this scheme is Rs. 100 million. These contracts will mature between May 2028 to June 2029.
- 17.6 SBP vide its IH&SMEFD Circular No. 08 of 2010 had introduced a Financing Facility for Storage of Agricultural Produce (FFSAP) to encourage private sector to establish silos, warehouses and cold storages. The profit rate on these borrowings is 3.25% (31 December 2023: Nil) per annum. The maximum limit approved by SBP to the Bank under this scheme is Rs. 75 million. The contracts will mature in February 2029.

| Redemption                                               | Bullet payment at the end of the tenth year                                                                                                                                                                                                          |
| Expected periodic profit amount (mudaraba profit amount) | Mudaraba profit is computed under the general depositors' pool on the basis of profit Sharing Ratio (PSR) and monthly weightages announced by the Bank. Profit rate is 6 month KIBOR + 1.5% per annum.                                               |
| Call option                                              | The Bank may call Tier-II sukuk with prior approval of SBP after completion of five years from the date of issue.                                                                                                                                    |
| Loss absorbency                                          | The Tier-II sukuk, at the option of the SBP, will be fully and permanently converted into common shares upon the occurrence of a Point of Non-Viability (PONV) trigger event as determined by SBP or for any other reason as may be directed by SBP. |
| Lock-in-clause                                           | Profit and / or redemption amount can be held back in respect of the Tier-II sukuk, if such payment will result in a shortfall in the Bank's Minimum Capital Requirement (MCR) or Capital Adequacy Ratio (CAR) requirement.                          |

- 20.2 In December 2018, the Bank issued regulatory shariah compliant unsecured, subordinated privately placed Additional Tier-I (ADT-1) capital based on mudaraba of Rs. 1.389 billion. A brief description of Additional Tier-I (ADT-1) capital is as follows:

Amel

|                                                          |                                                                                                                                                                                                                                                      |

\* In order to support the CAR requirements, Al Baraka Islamic Bank, B.S.C (c) (the Parent Bank) has injected a temporary Capital Support Fund amounting to Rs 1.394 billion (USD 9 million) which is an allowable capital for the purposes of CAR, MCR and Leverage ratio. These funds can only be remitted back after prior approval of SBP. In case capital of the Bank is not increased through alternate plans, the said capital support fund will be converted into share capital of the Bank. Currently, the Bank has applied for extension till 30 June 2025 and response from SBP is awaited in this respect. At present, the Bank does not have relevant basis to determine the number of shares to be issued at the time of any conversion into share capital, accordingly the diluted EPS cannot be ascertained.

| 24.3.1   | The Bank has received various assessment orders from the Deputy Commissioner Inland Revenue (DCIR) stating that the Bank has short paid Federal Excise Duty (FED) on specific income of the Bank for the years 2009 to 2011 amounting to Rs. 86.585 million and Rs. 34.575 million in respect of year 2012. In response to the Bank's appeal, the Appellate Tribunal Inland Revenue (ATIR) has set aside the orders relating to years 2009 to 2011 for fresh adjudication and the said matter is pending decision for further proceedings. For the year 2012, the Commissioner Inland Revenue Appeal (CIRA) has dropped the proceedings amounting to Rs.8.991 million. Accordingly, the Bank has filed the appeal before the ATIR against the order of CIRA amounting to Rs. 25.584 million. |          |                                      |                   |
|          | In respect of assessments of ex - Burj Bank Limited [now Al Baraka Bank (Pakistan) Limited] , the taxation authorities have raised a demand of Rs.1.9 million on account of charging minimum tax in respect of tax year 2011, the matter is presently pending for hearing in Sindh High Court.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |          |                                      |                   |
|          | During the year 2021, the Assistant Commissioner Sindh Revenue Board ("AC-SRB") passed an Order creating a Sindh Sales Tax ("SST") demand of Rs. 15.9 million (inclusive of penalty). The Bank being aggrieved by the impugned Order, filed an appeal before the Commissioner (Appeals) Sindh Revenue Board ("CA-SRB"). The appeal is still pending adjudication before CA-SRB.                                                                                                                                                                                                                                                                                                                                                                                                              |          |                                      |                   |
|          | In respect of assessments of ex - Burj Bank Limited [now AlBaraka Bank (Pakistan) Limited], the taxation authorities have raised a demand of Rs.41.650 million on account of additions / disallowances of certain expenses in the tax return filed for the tax year 2014. As a result of rectification order demand has been reduced to Rs. 3.071 million. The Bank has filed an appeal before Commissioner Inland Revenue (CIR) appeals which is pending for hearing.                                                                                                                                                                                                                                                                                                                       |          |                                      |                   |
|          | In respect of assessments of ex - Burj Bank Limited [now Al Baraka Bank (Pakistan) Limited], Deputy Commissioner Inland Revenue (DCIR) passed the order under Section 122(1) of the Income Tax Ordinance, 2001, demanding Rs. 5.416 million on account of minimum tax on turnover for the tax year 2015. In response to the Bank's appeal, the matter was set-aside for a fresh adjudication. The matter is pending for further proceedings.                                                                                                                                                                                                                                                                                                                                                 |          |                                      |                   |

Amel

In respect of assessments of ex - Burj Bank Limited [now Al Baraka Bank (Pakistan) Limited], the Additional Commissioner Inland Revenue (ACIR) passed the Order under Section 122(9) demanding Rs. 25.343 million on account of minimum tax on turnover for the tax year 2016 when the Bank had a gross loss. The matter is pending at the forum of Commissioner Inland Revenue Appeals (CIRA).

The management of the Bank, in consultation with its tax advisors, is confident that the appeals are likely to be decided in favor of the Bank and, hence, no provision has been made in these financial statements.

- 24.3.2** During the year 2020, the Bank received assessment orders from Appellate Tribunal (ATIR) in respect of ex-Al Baraka Islamic Bank B.S.C (merged with and into the Bank) related to various tax matters from tax years 2001-2011. Based on the advise of the Bank's tax advisor, the Bank has filed the reference application before the Honorable High Court, Lahore against the said orders.

The management of the Bank, in consultation with its tax advisors, is confident that the appeals are likely to be decided in favor of the Bank and, hence, no provision has been made in these financial statements for the income tax claims amounting to Rs. 116.512 million.

- 24.3.3** During the year 2022, the Assistant / Deputy Commissioner Inland Revenue (DCIR) passed an Order under Section 161(1) of the Income Tax Ordinance, 2001, demanding Rs. 6.128 million on account of short deduction of withholding tax in tax year 2016. The Bank has filed an appeal against the said decision before Commissioner Inland Revenue Appeals (CIRA). The Commissioner (Appeals) passed order u/s 129 (1) to remand back the matter to the DCIR. The appeal effect order is pending.

The management of the Bank, in consultation with its tax advisors, is confident that the appeal is likely to be decided in favor of the Bank and hence, no provision has been made in these financial statements for the tax claims amounting to Rs. 6.128 million.

- 24.3.4** During the year 2021, Additional Commissioner Inland Revenue (ACIR) passed the order under Section 122(5A) of the Income Tax Ordinance, 2001, disallowing certain refunds adjustment in the tax return filed for the tax year 2017. The Bank has filed an appeal against the said decision before Commissioner Inland Revenue Appeals (CIRA). The Commissioner (Appeals) passed an order under section u/s 129(1). The company filed appeal before Appellate Tribunal Inland Revenue (ATIR) against the order of the Commissioner (Appeals) and the appeal is pending for hearing.

The management and the Bank's tax consultant are confident that the appeal is likely to be decided in favor of the Bank and hence no provision has been made in these financial statements for the income tax claims amounting to Rs. 8.385 million.

- 24.3.5** During the year 2021, Assistant / Deputy Commissioner Inland Revenue (DCIR) passed an order under Section 122(1) of the Income Tax Ordinance, 2001, on account of certain additions / disallowances of certain expenses in the tax return filed for the tax year 2018. The Bank filed an appeal before Commissioner Inland Revenue (Appeals) who passed an order on 13 June 2022 annulling additions / disallowances of certain expenses however there are certain additions / disallowances of expenses for which appeal has been filed before ATIR.

The management and the Bank's tax consultant is confident that the appeal is likely to be decided in favor of the Bank and hence no provision has been made in these financial statements for the income tax claims of Rs. 380.184 million. Now the demand is reduced to Rs 61.473 million

- 24.3.6** During the year 2021, Additional Commissioner Inland Revenue (ACIR) passed the order under Section 122(5A) of the Income Tax Ordinance, 2001, on account of certain additions / disallowances of certain expenses in the tax return filed for the tax year 2019. The order has been rectified by ACIR and the income tax demanded reduced from Rs. 299.266 million to Rs. 97.372 million.

The Bank has filed an appeal before Commissioner Inland Revenue (Appeals). The management and the Bank's tax consultant is confident that the appeal is likely to be decided in favor of the Bank and hence no provision has been made in these financial statements for the income tax claims amounting to Rs. 97.372 million.

- 24.3.7** During the year 2022, Additional Commissioner Inland Revenue (ACIR) AJK passed the order under Section 122(1) of the Income Tax Ordinance, 2001, on account of additions / disallowances of certain expenses in the tax return filed for the tax year 2019 and raised a demand of Rs.6.741 million. The Bank filed an appeal against the order before Commissioner Inland Revenue (Appeals) which is pending for hearing.

The management and the Bank's tax consultant is confident that the appeal is likely to be decided in favor of the Bank and hence no provision has been made in these financial statements for the income tax claims amounting to Rs. 6.741 million.

*Amel*

- 24.3.8** During the year 2022, Additional Commissioner Inland Revenue (ACIR) passed the order under Section 122(5A) of the Income Tax Ordinance, 2001, on account of certain additions / disallowances of certain expenses in the tax return filed for the tax year 2020. The Bank intends to file application for rectification and an appeal against the Order before Commissioner Inland Revenue (Appeals). The Order passed by CIRA annulled additions / disallowances of certain expenses. However there are certain additions / disallowances of expenses for which the Bank has filed an appeal before the ATIR.

The management and the Bank's tax consultant is confident that the appeal is likely to be decided in favor of the Bank and hence no provision has been made in these financial statements for the income tax claims amounting to Rs. 964.289 million.

- 24.3.9** During the year 2023, DCIR issued the notice under section 113(2)(c) of the Income Tax Ordinance, 2001 stating that the return of income filed for the tax year 2022 is erroneous and prejudicial to the interest of revenue and raised the demand of Rs. 400.07 million. The Bank has filed the appeal before the Commissioner (Appeals) and the same is pending for hearing.

- 24.3.10** During the year 2023, the DCIR passed the Order under section 161(1) of the Ordinance for the tax year 2017 requiring the Bank to pay tax demand of Rs. 488.512 million. Appeal was filed before the Commissioner (Appeals) and the Commissioner (Appeals) passed the Appellate Order maintaining the action of DCIR. The Bank filed the appeal along with the stay application before the Appellate Tribunal Inland Revenue (ATIR). The ATIR passed the Appellate Order remanding back the matter to the tax officer for verification of the details / reconciliations relating to withholding taxes. The assessing officer has issued a notice of which compliance has been made by our tax consultant.

The management of the Bank, in consultation with its tax advisors, is confident that the matter is likely to be decided in favor of the Bank and hence, no provision has been made in these financial statements for the income tax claims amounting to Rs. 488.512 million.

- 24.3.11** The Bank has received an Order from Deputy Commissioner (DC) SRB stating that the Bank has short paid Sindh Sales Tax (SST) on specific income of the Bank for the year 2014 amounting to Rs. 20.762 million. The Bank has filed an appeal before the Commissioner (Appeals) SRB against the order-in-original which is pending for hearing.

The management of the Bank, in consultation with its tax advisors, is confident that the appeal is likely to be decided in favor of the Bank and hence, no provision has been made in these financial statements for the income tax claims amounting to Rs. 20.762 million.

- 24.3.12** During the year 2024, the ADIR issued an Order for the tax year 2023 raising demand of Rs. 1,018 million, the bank has filed appeal before ATIR which is pending for hearing.

The management and the Bank's tax consultant is confident that the appeal is likely to be decided in favor of the Bank and hence no provision has been made in these financial statements .

### 38 DEFINED BENEFIT PLAN

#### 38.1 Permanent Employees Defined Benefit Plan

The Bank operates an approved funded gratuity scheme for all its permanent employees. The benefits under the gratuity scheme are payable on retirement at the age of 60 or earlier cessation of service, in lump sum. The benefit is equal to one month's last drawn basic salary for each completed year of service, subject to a minimum of three years of service. The Bank contributes to the gratuity fund based on the independent actuarial valuations.

**38.1.13 Funding policy**

The policy followed by the Bank in respect of the staff retirement benefit schemes is disclosed in note 5.15 of these financial statements.

**38.1.14 Risks associated with defined benefit plan****- Longevity risks**

The risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.

Amel

- **Salary increase risk**

The most common type of retirement benefit is one where the benefit is linked with final salary. The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.

- **Withdrawal risk**

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

### 38.2 Third Party Contractual Employees Defined Benefit Obligation

The Bank is liable under the agreement with third-party contractual staff service provider to reimburse to service provider all payouts relating to the employees, which inter-alia includes gratuity payments (the benefit). The benefit is payable on retirement at the age of 60 or earlier cessation of service, in lump sum. The benefit is equal to one month's last drawn gross salary for each completed year of service. The defined benefit obligation is calculated periodically by an independent actuary using the projected unit credit method.

## 41 FAIR VALUE MEASUREMENTS

Fair value measurement defines fair value as the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of quoted securities, other than those classified at amortised cost, is based on quoted market price. Quoted securities classified at amortised cost are carried at cost. The fair value of unquoted equity securities is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term Islamic financings, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

The repricing profile and maturity are stated in notes 46.2.5 and 46.4.1 to these financial statements.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer Islamic financing and deposits are frequently repriced.

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Amel

#### 41.1 Fair value of financial assets

The following table provides the fair value measurement hierarchy of the Bank's assets:

| 2024                                                                    |                   |                    |          |                    |

### 41.3 Valuation techniques used in determination of fair values

| Particulars                                           | Valuation approach and input used                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|-------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Listed securities                                     | The valuation has been determined through closing rates of Pakistan Stock Exchange (PSX).                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Federal government securities                         | The fair value of federal government securities are determined on the basis of rates / prices sourced from Reuters.                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Non-government debt securities                        | Investment in non-government debt securities denominated in local currency are valued on the basis of rates announced by the Mutual Funds Association of Pakistan (MUFAP).                                                                                                                                                                                                                                                                                                                                                                  |
| Foreign securities                                    | The fair value of foreign securities are denominated on the basis of rates taken from Bloomberg / Reuters.                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Forward foreign exchange contracts                    | The valuation has been determined by interpolating the mid rates announced by State Bank of Pakistan.                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| Non-banking assets acquired in satisfaction of claims | The fair value of land and building are derived using the sale comparison approach. The sales value is determined by physically analysing the condition of land and building and by ascertaining the current market value of similar land, which is selling in near vicinity. Moreover, for buildings, the valuer has also considered prevailing current cost of construction for relevant type of civil work carried out thereon, wherever required. Please refer note 15.1.1 highlighting the year of valuation and external valuer name. |

The valuations of land and building, mentioned above, are conducted by the valuation experts appointed by the Bank which are also on the panel of the Pakistan Banks' Association (PBA). The valuation experts use a market based approach to arrive at the fair value of the Bank's properties. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a quantitative disclosure of sensitivity has not been presented in these financial statements.

## 42 SEGMENT INFORMATION

## 46 RISK MANAGEMENT

The wide variety of the Bank's business activities require the Bank to identify, assess, measure, aggregate and manage risks effectively which are constantly evolving as the business activities expand in response to the Bank's strategy and growth. The Bank manages the risk through a framework of risk management encompassing policies and procedures, organisational structures, risk measurement and monitoring processes and techniques that are closely aligned with business activities of the Bank.

The primary goal of risk management is to identify, assess and monitor risks inherent in the activities of the Bank and take adequate measures to manage and control these risks on timely basis. This will help in achieving sustainable business growth and financial and non-financial targets with better protection and soundness. The Bank's aim is to achieve an appropriate balance between risk and return and minimising potential adverse effects on the Bank's financial performance.

This section presents information about Bank's exposure to and its management and control of risks, in particular the primary risks associated with its use of financial instruments:

- Credit risk is the risk of loss resulting from client or counterparty default (note 46.1).
- Market risk is exposure to market variables such as benchmark rates, exchange rates and equity indices (note 46.2).
- Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and system or from external events and Shariah non compliance (note 46.3).
- Liquidity risk is the potential loss arising from Bank's inability to meet its obligations when due (note 46.4).

Atte

The objective of risk management is to effectively manage uncertainties that arise in the normal course of business activities. The Bank manages the risk through a framework of risk management, policies and principles, organisational structures, and risk measurement and monitoring processes that are closely aligned with the business activities of the Bank.

### **Risk management principles**

- The Board of Directors (the Board) provides overall risk management supervision. The Board Risk Committee (BRC) regularly monitors the Bank's risk profile.
- The Bank has set up objectives and policies to manage the risks that arise in connection with the Bank's activities. The risk management framework and policies of the Bank are guided by specific objectives to ensure that comprehensive and adequate risk management policies are established to mitigate the salient risk elements in the operations of the Bank.
- The establishment of the overall financial risk management objectives is consistent and tandem with the strategy to create and enhance shareholders value, while guided by a prudent and robust framework of risk management policies.
- The structure of risk management function is closely aligned with the organisational structure of the Bank.

### **Risk management organisation**

The Board through its sub-committee called Board Risk Committee (BRC) oversees the overall risk of the Bank. The Risk Management Department (RMD) is the organisational arm performing the functions of identifying, measuring, monitoring and controlling the various risk and assists the apex level committee and the various sub-committees in conversion of policies into action.

The BRC comprises executive directors, non-executive directors and the Chief Risk Officer. One of the non-executive directors of the Bank chairs the BRC, who is responsible for planning, management and control of the aforementioned risks of the Bank.

The BRC has delegated some of its tasks of risk management to sub committees which are as follows:

#### **Name of the committees**

Credit Committee  
Asset and Liability Management Committee (ALCO)  
Credit Risk Management Committee (CRMC)

#### **Chaired by**

Chief Executive Officer  
Chief Executive Officer  
Chief Executive Officer

Credit committee is responsible for approving and monitoring all financing transactions and also the overall quality of the asset portfolio. For this purpose it has formulated credit policy so as to effectively monitor the risk profile of the Bank's asset portfolio and to ensure strict adherence to the SBP's Prudential Regulations, Banking Companies Ordinance, 1962 and any other regulatory requirement.

ALCO has the responsibility for the formulation of overall strategy and oversight of the assets liability management function. ALCO monitors the maintenance of liquidity ratios, depositor's concentration both in terms of overall funding mix and avoidance of reliance on large deposits. The Board has approved a comprehensive liquidity management policy.

CRMC is responsible to oversee credit risk activities on bank wide basis while ensuring compliance with regulatory requirements and internal policies. Its responsibilities also include to provide support and guide front lines in managing their businesses, perform finance portfolio review, establish financing standards and benchmarks, maintain adequate industry diversification and decide upon provisioning. It is also required to delegate financing approving powers & prudential limits on large financing exposures.

The Bank's risk management, compliance and internal audit and legal departments support the risk management function. The role of the risk management department is to quantify the risk and the quality and integrity of the Bank's risk-related data. The Compliance Department ensures that all the directives and guidelines issued by SBP are being complied with in order to mitigate the compliance and operational risks. Internal Audit Department reviews the compliance of internal control procedures with internal and regulatory standards.

#### **46.1 Credit risk**

Credit risk is the risk of loss to Bank as a result of failure by a client or counterparty to meet its contractual obligations when due. Exposure to credit risks for the Bank arises primarily from financing and investing activities.

The management of credit risk is governed by credit policies approved by the Board. The procedures set out the relevant approval authorities, limit structures, risks, credit ratings and other matters involved in order to ensure sound credit granting standards.

*Amel*

The Bank has a well defined credit structure duly approved by the Board under which delegated authorities at various levels are operating and which critically scrutinise and sanction credit. The emphasis is to provide short to medium term trade related Islamic financing and related assets to reputable names, which are self liquidating and Shariah compliant. The risk appraisal system of the Bank has enabled it to build a sound portfolio.

Credit risk management framework forms part of the overall business strategy and credit operations of the Bank. The principles for credit risk management have been laid down in the Bank's credit risk policy, credit manual and credit operations procedure manuals. The policy has been developed in accordance with the requirements of the State Bank of Pakistan and is reviewed and updated (where required) on periodic basis.

The Bank has a rigorous pre-approval evaluation process of credit risk embedded in each credit transaction executed by the business units. The entire process broadly encompasses, gathering relevant information of the borrower, credit investigations and visits, detailed credit appraisal and credit risk assessment and measurement. In addition to monitoring credit limits specified in the Prudential Regulations of the State Bank of Pakistan, credit limit structure includes internal limits as established by the senior management and the Board. Internal limits include limits with respect to Board approved risk appetite, industry / sector, credit approval authority and exposure with financial institutions. All these limits are monitored on regular basis and exceptions are reported to the relevant authorities for their timely action where necessary.

Besides managing credit risk at transaction level, the Bank regularly monitors credit risk at portfolio level and ensures that no undue concentration of risk is present in the overall credit exposure. The Bank has well established management information set-up which allows efficient and effective assessment, monitoring and management of its credit risk profile in various dimensions.

Expected credit losses are determined in accordance with the requirements of SBP and IFRS 9. The Authority to determine credit loss and credit valuation adjustments for impaired claims, vests in Credit Operations Department and is according to the SBP regulations.

#### 46.1.1 External ratings

The SBP Basel III guidelines require banks to use ratings assigned by specified External Credit Assessment Institutions (ECAIs) namely Pakistan Credit Rating Agency Limited (PACRA), VIS and Moody's, Fitch and Standard & Poor's.

The Bank uses external ratings for the purpose of mapping risk weights as per the Basel III framework. Instances whereby an exposure is rated by two or more ratings agencies, mapping into different risk weights, instructions outlined in Regulatory guidelines on BASEL framework shall be adhered to for selection of applicable rating.

#### 46.1.2 Methodologies and models used for the measurement of Probability of Default (PD), Exposure at Default (EAD) and Loss Given Default (LGD)

The Bank has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Bank considers an exposure to have significantly increased in credit risk when there is considerable deterioration in the internal rating grade for subject customer. The Bank also applies a secondary qualitative method for triggering a significant increase in credit risk for an asset, such as moving a customer / facility to the watch list, or the account becoming forborne. Regardless of the change in credit grades, generally, the Bank considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due. However, for certain portfolios, the Bank may rebut 30 DPD presumption based on behavioural analysis of its borrowers. When estimating ECLs on a collective basis for a group of similar assets, the Bank applies the similar principles for assessing whether there has been a significant increase in credit risk since initial recognition.

Based on the above process, the Bank groups its financial instruments into Stage 1, Stage 2, Stage 3 and purchased or originated credit impaired (POCI), as described below:

Stage 1: When financial instruments are first recognised, the Bank recognises an allowance based on 12mECLs. Stage 1 financial instruments also include facilities where the credit risk has improved and they have been reclassified from Stage 2. The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Bank calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR. This calculation is made for all the scenarios.

Amel

|                                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|-------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Stage 2:                                  | When a financial instrument has shown a significant increase in credit risk since origination, the Bank records an allowance for the LTECLs. Stage 2 also includes facilities, where the credit risk has improved and the instrument has been reclassified from Stage 3. The mechanics are similar to those explained above, including the use of multiple scenarios, but PDs are applied over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the original EIR.      |
| Stage 3:                                  | For financial instruments considered credit-impaired, the Bank recognises the lifetime expected credit losses for these instruments. the Bank uses a PD of 100% and LGD as computed for each portfolio or as prescribed by the SBP under the prudential regulations which ever is higher.                                                                                                                                                                                                                                |
| POCI:                                     | Purchased or originated credit impaired (POCI) assets are financial assets that are credit impaired on initial recognition. POCI assets are recorded at fair value at original recognition and profit / rental is subsequently recognised based on a credit-adjusted EIR. ECLs are only recognised or released to the extent that there is a subsequent change in the expected credit losses.                                                                                                                            |
| Undrawn financing commitments             | When estimating LTECLs for undrawn financings commitments, the Bank estimates the expected portion of the financings commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the financings is drawn down, based on a probability-weighting of the three scenarios. For Diminishing Musharaka and Running Musharaka facilities that include an undrawn commitment, ECLs are calculated and presented within other liabilities. |
| Guarantee and letters of credit contracts | The Bank estimates ECLs based on the BASEL driven credit conversion factor (CCF) for guarantee and letter of credit contracts. The calculation is made using a probability-weighting of the three scenarios. The ECLs related to guarantee and letter of credit contracts are recognised within other liabilities.                                                                                                                                                                                                       |

Effective profit rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liabilities to the gross carrying amount of a financial asset or to the amortised cost of a financial liability.

#### The calculation of ECLs

The Bank calculates ECL based on three probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EPR. A cash shortfall is the difference between the cash flows that are due to the Bank in accordance with the contract and the cash flows that the Bank expects to receive.

The mechanics of the ECL calculations are outlined below and the key elements are as follows:

**PD** The Probability of Default (PD) is an estimate of the likelihood of default over a given time horizon. A default may only occur at a specific time within the assessed period if the facility has not been previously derecognised and remains in the portfolio. PD is estimated using statistical techniques such as the Rating Transition Matrix Model, particularly for low-default portfolios based on the Bank's internal risk ratings (ranging from 1 to 9).

For the Bank's portfolios, PDs are determined using the Rating Transition Matrix for corporate, agricultural, retail (excluding Staff and Rehnuma Travel Service products), and SME segments. The Roll Rate model is applied for two retail products: Staff and Rehnuma Travel Service. Through-the-cycle (TTC) PDs are then adjusted using the Vasicek Model for IFRS 9 Expected Credit Loss (ECL) calculations to incorporate forward-looking information.

The Bank performs an annual review of the portfolio (excluding Staff and Rehnuma Travel Service products) and constructs a yearly transition matrix of ratings to compute a count-based PD over a one-year horizon for the past seven years. For Staff and Rehnuma Travel Service products, PDs are calculated based on Days Past Due (DPD) bucket levels for each segment separately. Where practical, the Bank also incorporates information from external rating agencies.

**EAD** The Exposure at Default is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and profit, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued profit from missed payments. The maximum period for which the credit losses are determined is the contractual life of a financial instrument unless the Bank has the legal right to call it earlier. The Bank's product offering includes a variety of corporate and retail facilities, in which the Bank has the right to cancel and / or reduce the facilities with one day notice. However, in case of revolving facilities, the Bank does not limit its exposure to credit losses to the contractual notice period, but, instead calculates ECL over a period that reflects the Bank's expectations of the customer behaviour, its likelihood of default and the Bank's future risk mitigation procedures, which could include reducing or cancelling the facilities.

*Amel*

**LGD** The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

The discount rate used to discount the ECLs is based on the effective profit rate that is expected to be charged over the expected period of exposure to the facilities. In the absence of computation of the effective profit rate (at reporting date), the Bank uses an approximation e.g. contractual rate (at reporting date).

To mitigate its credit risks on financial assets, the Bank seeks to use collateral, where possible. The Bank considers only those collaterals as eligible collaterals in the EAD calculation which have the following characteristics:

- History of legal certainty and enforceability
- History of enforceability and recovery

When estimating the ECLs, the Bank considers three scenarios (a base case, best case, worst case). Each of these is associated with different PDs. When relevant, the assessment of multiple scenarios also incorporates how defaulted loans are expected to be recovered, including the probability that the loans will cure and the value of collateral or the amount that might be received for selling the asset.

The credit exposure (in local currency) that have been guaranteed by the Government and Government Securities are exempted from the application of ECL calculation.

The Bank's management has only considered cash, liquid securities and Government of Pakistan guarantees as eligible collaterals, while calculating EADs.

The SBP has issued FAQs in its BPRD Circular Letter No. 16 dated July 29, 2024 with regard to certain interpretation of the SBP application instructions. In respect of Stage 3 provision, the SBP has clarified that the banks, while assessing the higher of IFRS 9 ECL and provision under the SBP Prudential Regulations, shall take into account the ECL against corporate / commercial / SME loan portfolios at the borrower / facility level, and for the retail borrowers at segment / product basis.

#### Forward looking information

In its ECL models, the Bank relies on a range of forward looking information as economic inputs, such as:

- GDP growth
- Consumer price index

The Bank's management has only considered cash recoveries for LGD calculations, whereas liquid securities, and Government of Pakistan guarantees are used as eligible collaterals for EAD calculation.

#### Impact on Regulatory Capital

The introduction of IFRS has resulted in reduction in regulatory capital of the Banks, which has reduced their financing capacity and ability to support their clients. In order to mitigate the impact of ECL models on capital, SBP has permitted Banks to opt for transitional arrangement for the ECL impact on regulatory capital from the application of ECL accounting. Annexure B of the 'Application Instructions' issued by SBP has detailed the transitional arrangement.

Accordingly, Bank has opted for transition arrangement to phase in ECL impact and below tabulated is the impact on key ratios, had the transitional arrangement not applied.

| Key Ratios                       | With Transitional Arrangement | Without Transitional Arrangement |
|----------------------------------|-------------------------------|----------------------------------|
| Total Capital to total RWA (CAR) | 20.27%                        | 19.89%                           |
| Leverage Ratio                   | 6.23%                         | 6.06%                            |

#### 46.1.3 ECL Modeling and staging criteria/ Significant increase in ECLs

**Significant increase in credit risk (SICR):** A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument compared to the risk of default expected at the time of initial recognition.

The Bank uses a number of qualitative and quantitative measures in assessing SICR including, inter alia, the deterioration of Obligor Risk Ratings (ORR), in line with Bank's internally approved grid outlining specific notches downgrade for each ORR / external rating, payments being past due by days, and other qualitative factors (such as watchlisting or restructuring of account).

#### 46.1.4 Backward Transition:

In line with Bank's IFRS 9 Policy and Regulatory guidelines, financial assets shall be reclassified out of Stage if they fulfill the criteria outlined in the Prudential Regulations (PR) issued by the State Bank of Pakistan (SBP). Similarly, financial assets classified under Stage 2 shall be reclassified to Stage 1 if the conditions that led to a significant increase in credit risk (SICR) no longer exist. However, a minimum period of three months from the initial downgrade is mandatory before any financial asset can be moved back to Stage 1 from Stage 2.

Amel

For a financial assets to transition from Stage 3 to Stage 2, it must meet the declassification requirements specified in the relevant Prudential Regulations. An exposure cannot be directly upgraded from Stage 3 to Stage 1; instead, it must first transition to Stage 2 and subsequently complete a cooling-off period of six months before being reclassified to Stage 1.

#### 46.1.5 Due from financial institutions

|                                        | Gross due from financial institutions |           | Non-performing due from financial institutions |      | Credit loss allowance / provision held |         |         |      |
|----------------------------------------|---------------------------------------|-----------|------------------------------------------------|------|----------------------------------------|---------|---------|------|

#### 46.2 Market risk

Market risk is the risk that the Bank's earnings or capital, or its ability to meet business objectives, will be adversely affected by changes in the level or volatility of market rates or prices such as profit rates, credit spreads, commodity prices, equity prices and foreign exchange rates.

The main objective of the Bank's market risk management is to minimise market risk and to facilitate business growth within a controlled and transparent risk management framework.

Market risk arise from investment in sukuk, equities and dealing in foreign exchange transactions.

Market risk is being monitored by ALCO which performs the following functions in relation to market risk:

- Regular periodic review of market risk, based on economic review reports.
- Keeps an eye on the structure / composition of the Bank's assets and liabilities and decide upon product pricing for deposits, Islamic financing and related assets.
- Develop future business strategy in view of the latest trends / policy in the market, economic conditions and local regulatory requirements.
- Review and recommend to the Board of Directors, new opportunities for generating revenues.

### 46.2.2 Foreign exchange risk

Foreign exchange risk arises from the fluctuation in the value of financial instruments consequent to the changes in foreign exchange rates. Objective of foreign exchange risk management function is to minimise the adverse impact of foreign exchange assets and liabilities mismatch and maximise the earnings. The Bank manages this risk by setting and monitoring dealer, currency, inter exposures, stop loss and counter party limits for on and off balance sheet financial instruments.

### 46.3 Operational risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and system or from external events and Shariah non-compliance. In this regard, an Operational Risk Management unit has been established within the Risk Management Department.

Under basic indicator approach the capital charge for operational risk is a fixed percentage (denoted alpha) of average positive annual gross income of the Bank over the past three years. Figures for any year in which annual gross income is negative or zero, should be excluded from both the numerator and denominator when calculating the average.

The Bank ensures that the key operational risks are managed in a timely and effective manner by raising awareness of operational risk, improving early warning information and allocating risk ownership and responsibilities. The Bank has developed policies, guidelines and manuals necessary for the mitigation of operational risk.

The Bank is also supervised by the Shariah Board which sets out guidelines, policies and procedures for the Bank to ensure that all its activities and products are Shariah compliant. The internal audit function of the Bank performs regular audit on various operations of the Bank and monitors the key risk exposure areas to ensure that internal control procedures are in place and those procedures are able to mitigate risk associated with operational activities.

### 46.4 Liquidity risk

Liquidity risk is defined as the potential loss arising from the Bank's inability to meet its obligation when due.

The Liquidity Coverage Ratio (LCR) is a quantitative requirement which aims to ensure that a bank maintains an adequate level of unencumbered high quality liquid assets which can easily be converted into cash at little or no loss of value in private markets, to withstand an acute liquidity stress scenario over a 30-day horizon at the entity level.

LCR has been defined as

$$\frac{\text{Stock of high quality liquid assets (HQLAs)}}{\text{Total net cash outflows over the next 30 calendar days}}$$

Liquid assets comprise of high quality assets that can be readily sold or used as collateral to obtain funds in a range of stress scenarios. There are two categories of assets included in the stock of HQLAs, viz. Level 1 and Level 2 assets. Level 1 assets are with 0% haircut while Level 2A assets are with a minimum 15% haircut and Level 2B Assets, with a maximum 50% haircut.

The term "Total net cash outflows" is defined as the total expected cash outflows minus total expected cash inflows in the stress scenario for the subsequent 30 calendar days.

The most significant drivers of the Bank's cash outflow were Retail and unsecured wholesale funding. Unsecured funding transactions include funds provided by non-financial corporate customers, sovereigns, central banks, multilateral development banks and Public Sector Entities (PSEs).

The objective of NSFR is to reduce funding risk over a longer time horizon by requiring banks to fund their activities with sufficiently stable sources of funding in order to mitigate the risk of future funding stress.

NSFR has been defined as

$$\frac{\text{Available amount of Stable Funding (Funding Source)}}{\text{Required amount of Stable Funding (Funding User)}}$$

The amount of available stable funding (ASF) is measured mainly on the broad characteristics of the relative stability of a bank's funding sources (equity & liabilities), contractual maturity of its liabilities and the difference in the tendency to withdraw their funding by different types of funding providers.

The amount of required stable funding (RSF) is measured based on the broad characteristics of the liquidity risk profile of the Bank's assets and off-balance sheet (OBS) exposures.

As per Bank's Investment Policy, ALCO shall be the management's governing committee mainly responsible for Market and Liquidity risks pertaining to balance sheet and off-balance sheet items. It is ALCO's responsibility to establish and monitor liquidity targets as well as strategies and tactics to meet those targets. Furthermore, ALCO will ensure that sufficient liquidity is available for unanticipated contingencies. ALCO monitors the maintenance of liquidity ratios, depositor's concentration both in terms of overall funding mix and avoidance of reliance on large individual deposits. The Board of Directors have approved a comprehensive liquidity management policy.

Amel

Management of liquidity is centrally managed through the Treasury within the Bank. The Bank has sufficient liquidity sources for outflows and management is of the view that we are adequately liquid as required by LCR & NSFR regulations. The Asset and Liability Management Committee (ALCO) of the Bank is responsible for oversight of liquidity management and review of positions on monthly basis and / or on need basis based on systematic risks.

The Bank has a comprehensive contingency plan that specifies strategies for dealing with the liquidity problem and outlines particular funding sources that would be drawn upon as part of the overall strategy. It also outlines trigger points that would be indicative of the crisis and lays the course of action to be taken by the institution for handling such a crises.

#### 46.4.1 Maturities of assets and liabilities - based on contractual maturity of the assets and liabilities of the Bank

## 48 COMPLAINT MANAGEMENT

### 48.1 Mechanism of the Complaint Management Unit (CMU)

At Al Baraka Bank Pakistan Limited (ABPL), we prioritise delivering exceptional customer experiences and ensuring that customer complaints are handled efficiently and effectively. In 2024, we received 15,016 complaints through various channels, with an impressive resolution rate of 99.99% within regulatory TAT and an average resolution time of 4 working days. The Complaint Resolution Unit (CRU) under Service Quality Department continuously aspired to handle/resolve Customer complaints & grievances as per the Consumer Grievances Handling Mechanism (CGHM) guidelines issued by

The CRU is a responsible unit whose role is to be an effective intermediary between the customers and the core units of the Bank to get customer complaints properly responded and answered. The unit's core focus is the quick and efficient resolution of the complaints, analyse root cause of complaints and taking necessary measures to mitigate complaints and avoid its recurrence.

### 48.2 Lodgement of complaints

The complaint lodgement procedure is adequately displayed in all our branches as well as on our corporate website [www.albaraka.com.pk](http://www.albaraka.com.pk). Further, details regarding lodgement of a complaint to Banking Mohtasib Pakistan (BMP) and State Bank of Pakistan (SBP) are also prominently displayed. Moreover, the same is also available on Sunwai CCP URL pasted on our website too.

*Amel*

All complaints of the customers that are received through various channels are logged in a Complaint Management System to keep track of their resolution. The Bank has a complaint escalation mechanism whereby all complaints are escalated to the senior management, if not resolved within the stipulated time.

The Bank receive complaints from following sources:

- 1) Phone banking / call centre
- 2) Letter / CEO office / drop box / registers / email / e-forms
- 3) Banking Mohtasib Pakistan / SBP / Prime Minister Portal / SBP Sunwai Portal
- 4) Social media / website / survey

The Bank follows defined standards, practices and regulatory requirements in resolution of complaints lodged with the Bank.

#### 48.3 Steps of complaint resolution or handling of complaint

Our complaint handling process is designed to ensure that customer concerns are addressed promptly and fairly. The process comprises the following steps:

- 1) Acknowledgment of complaint receipt: We acknowledge receipt of every complaint, ensuring that customers know their concerns are being addressed.
- 2) Investigation and tagging: We investigate each complaint and tag it to the relevant department or branch for resolution.
- 3) Interim update: If the resolution exceeds the defined timeline, we provide customers with an interim update on the status of their complaint.
- 4) Resolution Intimation: Once the complaint is resolved, we inform the customer of the resolution.
- 5) Root cause analysis: We conduct a root cause analysis of each complaint to identify areas for improvement.
- 6) Suggestions for required actions: Based on the root cause analysis, we suggest required actions to prevent similar complaints in the future.
- 7) Daily MIS: We issue a daily Management Information System (MIS) report to all stakeholders, ensuring that everyone is informed about the complaint resolution process.
- 8) Bi-annual SMS: We send SMS notifications to customers at least twice a year, informing them about the modes of complaint lodgement.

#### 48.4 New initiatives

The Bank consistently endeavours to provide superior customer services and in order to give better customers experience, below are the few initiatives taken by the Bank during 2024.

- The Bank has arranged quarterly training sessions for empowering the front end staff to comprehend the concept of Handling Customer's Complaints & Grievances.
- The Bank conducts extensive surveys regarding the complaint management to gauge customers' satisfaction and their experience. This research activity also help to identify customers expectations associated with Bank. ABPL has introduced a Digital Survey Platform for customers where they can provide their feedback through website.
- The Bank has also upgraded its Complaint Management System V2 by launching a state-of-the-art solution which has resulted in process automation and efficient handling of customer complaints.
- Complaint Management System has been modified in terms of its functionality - Complaint's aging is calculated on an hourly basis for more efficient handling of customer complaints. Acknowledgements are being routed with more accuracy with minimum discrepancy ratio.
- The Complaint Management System (CMS) now auto-generates Level 3 escalation emails at CEO's level, ensuring visibility of our worthy CEO.
- The Bank also enhanced its complaint monitoring mechanism by introducing Complaint Management Dashboard which is regularly reviewed by the senior management to ensure timely resolution of customer complaints.
- The voice of customer complaint closure survey score was 76.35% in 2024.

By implementing these initiatives and continually improving our complaint handling process, we aim to provide our customers with an exceptional banking experience.
